

Term Contract No. 405A

STATE OF NORTH CAROLINA, DEPARTMENT OF ADMINISTRATION		
DIVISION OF PURCHASE AND CONTRACT		
116 West Jones Street, Raleigh, NC 27603-8002		
Term Contract	405A	Propane Tankwagon
Effective Dates	July 6, 2010 through July 2, 2013	
Bid Number	201000289/201000621	
Administrator	Grant Braley	
Phone	(919) 807-4550	
Fax	(919) 807-4510	
E-Mail	grant.braley@doa.nc.gov	
Last Updated	November 30, 2011	

1. General Information

Contractors are not listed for tankwagon deliveries in some counties due to lack of response or unacceptable bid prices. Agencies requiring this product may negotiate the prices locally by following competitive procedures. Any contracts established should terminate with the expiration of this contract. Counties where there are currently no contractors may be subject to change with contractors added at a later date.

Specifications for this product are covered by standard specifications for Liquefied Petroleum (LP) Gases - D1835, American Society for Testing and Materials, National Fire Protection Association, and storage and handling Liquefied Petroleum Gases - pamphlet number 58.

All users are responsible for providing exemption certificate information (if applicable) to contractors if such is requested.

The use of underground tanks is discouraged as it is not compatible with this contract which is solicited through the competitive bidding process.

2. Scope of Contract

The scope of this contract is intended to cover the State's normal tankwagon requirements for Propane for use by all State Agencies, Institutions, and all Public Schools except those exempt by Statute noted herein.

3. Minimum Orders

This contract will be for a minimum order of **100 gallons** for any single order. Agencies are authorized to purchase from best available sources on orders less than this minimum order value. This provision shall not be used by an agency to circumvent the intent of the contract. If an agency elects to place an order for less than the minimum order value, then transportation charges will be prepaid and added to the invoice.

4. Placement of Orders

Orders will be placed throughout the contract period on an as-needed basis for the quantity required at the time, and will be issued directly to the respective contractor(s) or their designated suppliers. Contract changes, if any, over the life of the contract are implemented by contract addenda released by the Contract Administrator to the contractor. If the contractor is accepting orders and/or delivering through other parties, for example a manufacturer accepting orders and delivering through a dealer network or dealers receiving orders through a network of other dealers, then it is the responsibility of the contractor to apprise such parties of all such contract addenda.

When ordering propane transport from this contract, please be aware pricing is updated weekly. The price will be that in effect at the **time of delivery, not the date the order is released.**

Optional Order Placement Via E-Procurement Steps:

1. All orders will be "Blanket Orders" on this contract. The quantity (line 7) x price (line 9) equals the \$ amount of the blanket order.
2. Open the Ariba Buyer window. Click on the following link: [E-Procurement Users](#)
3. Click on the tab marked, "Non-Catalog".
4. In the field titled, "Full Description", type the following "Propane Tankwagon per Term Contract 405A".
5. In the field titled, "Commodity Code", find and select the following code "405-03: Butane and Propane".
6. In the field titled, "Supplier", select the supplier.
7. In the field titled, "Quantity", type in the total dollar amount of this blanket order.
8. In the field titled, "Unit of Measure", find and select the following unit of measure "dollars".
9. In the field titled, "Price", type \$1.00.
10. Set the "Blanket Order" tag to "YES".
11. Complete all other appropriate information on this page and click "Add Item".
12. On the View Line Items page click "Edit" to access the Edit Line Item page. On the drop down box next to "Contract?" select "Statewide". When you select "Statewide", the "Contract ID" field appears. Enter your Term Contract ID Number into the "Contract ID" field. Do not use spaces or dashes in the Term Contract ID Number. Your Term Contract Number should be entered as follows "405A". Click "OK".

***** Note: All applicable taxes shall be included in the Tax Amount Field referenced on the requisition. *****

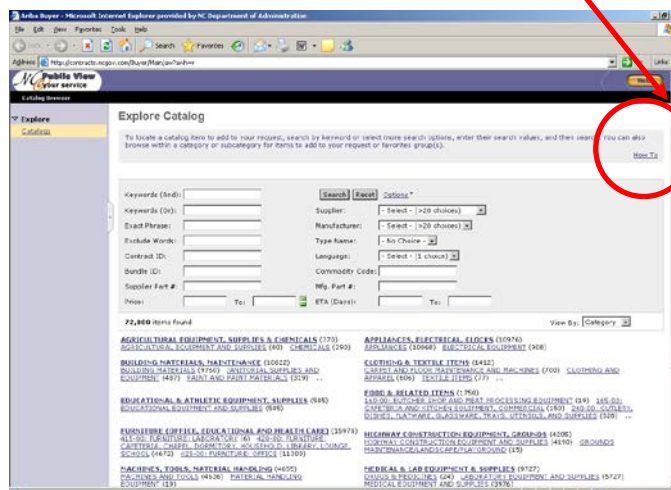

Steps for "Blanket Order" Release for delivery and receiving of goods:

1. **All releases for tankwagon loads will be initiated by the customer.** Place your release requirements by telephone with the designated supplier for a particular location.
2. When invoice is received from the vendor, validate the pricing charged (Price/at delivery date) with the data downloaded from the P&C website. If invoice is approved go to the Ariba Buyer window and receive/approve the goods.

Non E-Procurement Users

The E-Procurement Public View will be the only place for Non E-Procurement Users to view the item/pricing information.

- a. Click on the following link: [E-Procurement Public View](#)
- b. **For online assistance regarding item searching; click on the "How to" underlined link located near the upper-right hand corner.**

5. Taxes/Fees

If applicable, itemize them as a separate line item on the invoice. This section is different from previous bids.

- a. **Inspection Tax:** All bid prices shall not include the inspection tax of 1/4 cent per gallon.
- b. **State Road Use Tax:** All bid prices shall not include the state road use tax.
- c. **State Sales & Use Tax:** All bid prices shall not include any state sales and use tax.
- d. **Federal Tax:** Federal tax shall not be included in any bid price or invoice as exemption is claimed as provided by Chapter 32 of the Internal Revenue Code.
- e. **Superfund Charge:** All bid prices are not to include "Superfund Charge", but should be listed as a separate line item.
- f. **Fuel Surcharges:** No fuel surcharges will be allowed during the contract.
- g. **There is to be no "Fuel Environmental Fee" or "Fuel Recovery" fees not approved by this office showing up on invoices.**

6. Delivery

The contractor(s) will complete delivery within **two (2) days** after receipt of purchase order. In the event the delivery is not received within the contract delivery period, the contractor may be held in default in accordance with paragraph 1, DEFAULT AND PERFORMANCE BOND in the North Carolina General Contract Terms and Conditions, and the state may procure the articles or services from other sources and hold the contractor responsible for excess cost occasioned thereby.

Tanks will be maintained on a "Keep Filled" basis by contractor for all locations, unless a **specific location specifies they want delivery of product only when requested**. Billing and invoicing information will be given when user places order. **In the event a user on a "keep filled" basis runs out of fuel, the contractor at no charge to the user, is responsible for ensuring the equipment (lighting of pilot light(s), etc) supplied by that tank(s) is operating normally.**

For the purpose of verification by using agency, and at no additional cost to the State, a delivery ticket shall accompany each delivery. Volume delivered and invoiced will be based on net gallons, temperature corrected to 60 degrees F, in accordance with the ASTM Petroleum measurement table applicable to this commodity.

All deliveries shall be made in accordance with the requirements of General Statute 81A Weights and Measures Act.

All payments due under this contract are solely the responsibility of the using agency.

NOTE:

Allocation deliveries are not acceptable.

In order to ensure sufficient gallons on hand, using agency(s) may request tanks with larger capacities or to be installed additional tanks. This is subject to approval by the Purchase and Contract Division.

7. Transportation Charges

All goods shall be delivered FOB DESTINATION when the "order value" is **100 gallons or more**, when shipped to a single destination. Orders to a single destination that total less than this "order value" should be shipped prepaid, with transportation charges added to the invoice as a separate item. Transportation charges invoiced for orders equal to or more than this "order value" may be cause for removal of the contractor from the contract.

8. Item Pricing Information

The pricing information is updated **weekly** throughout the term of the contract. Click on the following link to view the current week's price; [405A Propane Tankwagon](#).

9. Additional Information

Requirements differ with various agencies and institutions, so all contractors should be instructed as to delivery and invoicing requirements when the order is placed.

The contractor shall be completely responsible for any damages caused solely by the contractor or its agent(s) to any buildings, their contents, or the surrounding grounds as a direct result of the installation, maintenance, or removal of any equipment.

Upon completion of the installation, the contractor shall remove all debris, cartons, etc., which was caused specifically by the contractor or its agent(s), and shall maintain all exit ways free and clear at all times.

There shall be no separate charges for installation except installation of line, nor any dues or fees for the use of the specified equipment. Removal of tank is not provided for in this contract.

Due to the scope of this contract involving large quantities of LP tank(s) at multiple locations, current and future successful vendors are asked to exchange existing LP tank(s) to the new successful vendor.

10. Warranty

The contractor guarantees items offered to be free from any and all defects in material, packaging, and workmanship and agrees to replace defective items promptly at no charge to the State using manufacturer's standard warranty.

11. Vendor Complaint Form

The Vendor Complaint Form can be found by clicking: [Vendor Complaint Form](#).

Term Contract No. 405A**12. Contractors**

All known minority, women and disabled owned businesses, as well as disabled business enterprises and nonprofit work centers for the blind and severely disabled, including dealers, will be identified with "Minority owned", "Woman owned", "Disabled Owned", "DBE" or "BSD" as appropriate after the vendor number. This is being done in an effort to recognize these businesses and to encourage and promote their use to the greatest extent permitted by law.

When more than one supplier is listed for a particular item, selection should be made, whenever possible, from any of the groups identified above, consistent with agency needs and price considerations.
